What is Dementia Friends?

*Dementia Friends is a global, call-to-action movement developed by the Alzheimer's Society in the United Kingdom and now underway in the United States. The goal is to help everyone in a community understand how dementia impacts individuals and families, and things we can each do to make a difference in the lives of those affected. In this free, virtual, one-hour session we will cover the basics of dementia including common types, signs and symptoms, communication tips, community resources and more. An emphasis on positive messaging and dementia stigma reduction is a key part of this program, designed to reach audiences in all community sectors.

**A Dementia Friends Champion designation is received after attending a 2.5-hour free, virtual training which includes a Dementia Friends session and additional information, resources and materials needed by Champions to deliver free virtual or in-person Dementia Friends sessions throughout their communities.
